

I. Review

Last week we finished Psalms Chapter 2. I showed you how you add bible doctrine to that foundation you already have built in your life. A great example of this is Isaiah 28:10 where it talks about you building in your life a wall. If you go back to Ezra and Nehemiah when they went back to rebuild Jerusalem; that is the first thing that they built. It is a picture for us that the plan of God was in Jerusalem and the plan of God in our life, but they need to have a wall to protect them and keep the enemy out. That wall has been destroyed and there is not much left of it today, but it stands to be a picture of your life and my life. The thing that will protect you from falling into all the stuff that is out there that will take God's plan out of your life, will be to build the wall of biblical doctrine. Make it your defense.

The Bible says that once you build that wall you add to it. You lay the foundation the day you got saved and then you begin to build the wall, but then you add to it. In Isaiah 28:10 it says, "here a little, and there a little." I can't emphasize enough how important it is for every believer to have a biblical baseline in your life. What I want to do is create the opportunity for God to give you a baseline in your life.

You lay your foundation (salvation) and then add what you are learning through Bible Study, Discipleship (your baseline), including what I showed you in Psalms 2 the Seven Key Biblical Principals. Each one will be a study unto itself and something you will add to your baseline.

I can't emphasize enough the importance of a baseline. Everyone gets a little out of whack at some point in their life. There isn't anybody that doesn't struggle and maybe gets out of fellowship. We as humans have issues, and we make mistakes and get the wrong attitude. This is true for every one of us. However, when you have a problem that gets your nose out of joint or you struggle with something in your life, it is a lot easier to get back when you have a baseline of biblical truth. This is why it is so important for God to build into your life the Discipleship one, two and eventually three and all the other things so that you get that baseline down. So, when tough times come, you have something to work with to get you back on track.

Last week we saw seven key areas:

1. My holy hill of Zion-Two Mount Zions
2. My King – The Lord Jesus Christ
3. The Word "Begotten" John 1:18
4. The Great Commission
5. The Nations Broken Up with a Rod of Iron
6. Serve the Lord with Fear and Trembling
7. Kiss the Son

As we go through Psalms and many other places in the Bible you will see this concept of “here a little, there a little.”

II. Psalm 3 :1-2

This will be a two-part message. You will get the first two parts today in verses 1 and 2, then we will get the third part next week.

Psalms 3:1-2 LORD, how are they increased that trouble me! many [are] they that rise up against me. 2. Many [there be] which say of my soul, [There is] no help for him in God. Selah.

The pastor’s job the Bible says is to have watch care for your soul. He’s responsible for that and for what he teaches and for what he does not teach. The pastor’s job is to keep the people together and keep them informed so that the overwhelming parts of the world and what is going on does not swallow them up. Paul said to the church in 1 Thessalonians 4:13 for them not to be ignorant of certain things. In the Bible we are told there are “Seven Things Not to be ignorant of.” If you asked the average child of God, they would not know those seven things. Therefore, the very things they’re told not to be ignorant of, they are and we pay a price for it. What happens? As Paul says in 1 Thessalonians 5:4, that day overtakes us. There should be no child of God with the Bible that we have ever be in a state of confusion and be overtaken. It is the pastor’s job to clarify that. At the Judgment seat of Christ, I will stand before God, and I’ll give an account of how I pastored this church. Did I warn you of things to come.

I am going to tell you right now, the church age that we live in is under attack and it’s going to be destroyed by some of the greatest satanic work that you have ever seen. And it is my job to warn you. What you do with it after I tell you, that is on you. The job of every pastor is to protect his people.

1.) Psalms 3 - A Tribulation Psalm

Psalms 3 will be a tribulation, Psalm. David here is a type of the nation of Israel that is being attacked by the antichrist. That is the doctrinal application. When we study through the three applications of scripture, we are going to get the historical and doctrinal today and then come back for the inspirational next week. That will put everything in context of what is going on today.

2.) Selah – Rest, Rock

There are a number of things I want you to see today. The first thing I want you to see is the word “Selah”. It says at the end of verse two. *“There is no help for him in God. Selah.”*

This will be a keyword in your bible study. Many bible scholars will reject this and simply say its worthless and not true. But the word is normally taught that it is a rest or a pause. Psalms originally were sung as songs. We are told that Selah was a musical rest or pause when singing that made them stop before they continued singing. But it is much more than that because the word Selah means Rock. When the Jew goes into the tribulation period they run to Selah Petra, the Rock. This is the city where God protects them.

You will find the word Selah 71 times in Psalms and three times in Habakkuk chapter three which is also about the second coming of Christ. Every time you find the word Selah, the Holy Spirit of God is showing you that the context of what you are reading is going to be the second coming of the Lord Jesus Christ; when Israel gets the Rock (Deuteronomy 32) and gets the rest (Hebrews 4:9). That is a little thing you need to know because when you start reading through Psalms you will want to mark that because it will help you establish the context.

III. Psalms 3:1-2 Historically

The historical application of this Psalm will be played out in 2 Samuel Chapter 15 and 16. You are going to find that every Psalm that David writes will have a correlation to something back in his life in the Bible. This Psalm goes back to David's struggling (2 Samuel 15-16) with being attacked through the conspiracy of his son Absalom. This is a great study of how Absalom, through a conspiracy of lies and false statements, tries to take his father's kingdom from him. It is a very deceptive plan that he puts together and as you come down through this chapter there are nine points to his conspiracy.

1.) He poses to be a leader.

Absalom has not built anything. Everything that he has he got through his own father David. Absalom has done nothing for God, yet he wants to purport himself as a leader.

2.) He gets up early (verse 2)

He gets up early in the morning and puts a plan together to destroy the work of his father. Absalom is a type of the antichrist so you can see the parallels between Lucifer (Ezekiel 28 and Isaiah 14) doing the same thing to God.

3.) He looks through his father's kingdom to find people who have an issue with following the word of God, or maybe they're struggling or just weak. (verse 2)

4.) He sides with them (Verse 3)

This is called Absalom at the gate. He goes down to the gate of the city which is where all the people come in and go out. It is the community center so to speak. He goes down there and sides with them. He listens to what they say, he feeds their negativity to his own purpose and advantage. Slowly he turns them against his own father.

5.) He claims to be wiser and more spiritual than David (verse 4)

6.) Oh, if I were only king (verse 5)

He knows that he is nothing but he wants to be something so he plays on their weakness, and he says, oh if I were only king, I would solve all your problems. He sows discord in his father's kingdom.

7.) Steals the hearts of the people (verse 6)

He steals the heart of the weak troubled people that are in his father's kingdom.

8.) Raises up an army against his father (verse 11).

9.) Turns some of Davids key leaders against him (2 Samuel 16)

Absalom turns some of David's key leaders against him through his conspiracy. All the time he is going to dinner, he is staying in his father's house. All along he calls David his father, while forming an underground takeover. The Bible tells us in 2 Samuel 15:12 that the conspiracy was strong against the man of God, David.

You will find a little Reece piece here in 2 Samuel 15:5 that goes along with "Kiss the Son" last week in Psalm 2:12. Absalom is a kisser. David has been weakened by all of this. Absalom would have had nothing had it not been for David, his father. David took care of him and fed him. Absalom didn't do anything. This had to hurt David that his own son would turn against him. David struggles with this and it is during this time that he writes Psalms 3 verse 1 and 2.

I think back to Zechariah 13:6 a prophetic verse about Jesus, where they ask him "where did you get those wounds in your hands and your feet?" And he says, "I was wounded in the house of my friends". This is Absalom and David. David flees from Absalom. It had to be a hard time for David. I mean it's one thing when people you don't know don't like what you do, but it's something else when in your own family your children turn against you. Many of you have been there where the people you have invested your life in turn against you. So, David writes,

"Lord how are they increased that trouble me. Many are they that rise up against me, many are they which say of my soul, there is no help for him in God. Selah"

In the end as with all conspiracies, God strengthened David's kingdom and protected it, and he winds up killing Absalom. David had what we need to have and that is a good baseline. He had a good baseline *Isaiah 54:17* "No weapon that is formed against thee shall prosper; and every tongue [that] shall rise against thee in judgment thou shalt condemn. This [is] the heritage of the servants of the LORD, and their righteousness [is] of me, saith the LORD."

This verse says that even though David struggled with this, and he wrote Psalms 3 based on what he is going through, it's a great thing for us because we will find ourselves in some tuff times in life. The world will not be a friend to you and the world will never leave you any better than it finds you.

IV. Psalms 3:1-2 Doctrinally

Doctrinally this will be the tribulation prayers of the Jew in the middle of the great tribulation period. This was typified as I alluded to in 2 Samuel 15-16 with David as a type of the nation of Israel and Absalom as a type of the antichrist.

Absalom going after David is a picture of the antichrist going after the nation of Israel and Psalms 3:1-2 is where the Jew is headed right now. On God's great prophetic clock that brings us up to the second coming of Christ and the Jew going into the tribulation period, we are about five minutes out.

V. 20th Century-Key Times in the Final Days of History of Man

Let me bring it up to the present day for you. Without a doubt I stand before you today, whether you like me or you don't like me, the 20th century was the key time period in the final days of the history of man and we all missed it. Because it is in this century that we see all the key Bible prophecies begin to be laid out that brings us to the beginning of the end. Just look at the events unfolding that will bring in Christ's kingdom at the second coming of Christ.

We talked Thursday night (11/02/2023) about the question in Job 40 and 41 and I showed you the **Seven Garment Changes** out of Job 41:13 that tie right into all of this.

Let me walk you through the order of events. It was before the 1900's in the 1880's that we had the Zionist movement. The Zionist movement was God beginning to turn his attention back to the nation of Israel for the regathering which is the fulfillment of Ezekiel 35-37.

In 1888 to around 1900 we lose the Bible, and this will be Hosea 4:1-3 where there is no truth anymore. This verse will tell you why abortion is the rage of the day. Then WWI and WWII sets up the land for the Jew to be regathered. There are probably 40-50 Bible verses that lay this out clearly and everybody missed it. In 1948 we saw the fulfillment of Matthew 24, the great prophecy of the parable of the Fig Tree where Israel becomes a nation again. We saw from 1948 on God rebuilding his nation which is laid out in Ezra and Nehemiah. Once the Jew is back in the land, the devil begins to build his nations systematically around God's nation. We are seeing today, the end of the times of the Gentiles (Luke 21:24). Most of God's people don't even know what that is and very quickly we are going to see as Romans 11:25 tells us that the fulness of the Gentiles are going to come in. Once we lost our Bible to the world, then in just 20,30 or 40 years later we lost the church to the world. And now Laodicea is in full swing (book of Colossians). Now God's people fall into the trap, and they lose their way.

We begin to see the final phase as the world turns on God's people which will usher in the Rapture of the church, the antichrist, the tribulation, and Psalms Chapter 3 verses 1-2 for the Jew. Everything you've seen in the 20th century will be a fulfillment of the Old Testament prophecy of God dealing with Israel to set up his kingdom. God's people have no clue!

The Psalms that David writes will be in type the nation of Israel, doctrinally being persecuted by the antichrist. God will always teach the future from the past. Most of God's people are oblivious to this, which brings the phrase "The only thing that men never learn about history is the fact that they never learn anything about history." Therefore, they are doomed to repeat history.

In Isaiah 46:9-10 he says *"Remember the former things of old: for I [am] God, and [there is] none else; [I am] God, and [there is] none like me, 10. Declaring the end from the beginning, and from ancient times [the things] that are not [yet] done, saying, My counsel shall stand, and I will do all my pleasure:"*

There is no clearer verse anywhere in the Bible that tells you that if you want to learn what is going to happen in the future, you must look and see what God has already done in history.

You have in the 20th century, one of the greatest examples of what is going to take place in 2021, through 2024, if God gives us that much time, and it took place from 1933 to 1945.

A.) Greatest & Last Type of Antichrist – Hitler

During that time period in the 20th century will arise the greatest and the last type of the antichrist that God is going to give anybody in history. His name was Adolf Hitler and he wanted to form his Third Reich. Hitler's plan was to have a 1,000 Reich, fake Millennium.

When you go back and look at the early beginning of the Nazi party, they didn't have a lot of members. Everybody was issued a party card and they fudged on the numbers so people would think that they had a lot more than they did. Adolf Hitler's party number was 555 clearly showing me that the next one is going to be 666, then the one after that will be 777 when the Lord comes back. Adolf Hitler also had twelve apostles that were in his regime just like the Lord Jesus Christ. He is Roman Catholic and in 1933 when he became Chancellor of Germany and began his rise to power, he got in there because of the Catholic church and because he was a Catholic businessman.

Paul Von Hindenburg a WWI general was president at that time, but in 1934 Hindenburg dies and in an overnight sweep Hitler comes to full power. He does away with the Chancellorship and brings all powers under him as the head of Nazi Germany. In 1925 Hitler had written a book called "Mein Kampf" which in English means "my struggle". In that book Hitler sees the problem with his county and Europe as the "Jewish problem." Germany was in a deep depression; they were in economic collapse. After WWI the nations that won WWI stripped them of everything and put them into a terrible economic situation. But Hitler saw that the Jews were lavishing in riches and had enough money to put gold in their teeth.

B.) The Devil's Plan to Use Hitler

The devil was about to use Hitler to change the world to set it up for the second coming of Christ. Learn from history---just like he did with Pharaoh, just like he did with Nebuchadnezzar, just like he did with Cyrus and with Ceasar. So now he begins to put his plan together to wipe the Jews off the face of the earth.

The devil knows what God's plan is about and what he is going to do. He understands that very quickly God has begun the regathering of the nation of Israel. He can read Ezekiel 35-37 just like we can only better. So, he sets a plan together to exterminate the Jews off the face of this planet before God can make that happen.

I want to show you this in a three-point plan/phase. Hitler had a three-fold plan/phase to rid the world of the Jews. These are the same three plans/phases that you are seeing unfold today, because you learn from history and history always repeats itself.

1.) Phase One

Phase one was the rise of antisemitism in Germany and the indoctrination of the German people teaching them that the Jews were not human beings but sub-humans. A race that was not equally to be suitable to live on planet earth. The kids in school were shown movies that equated the Jews moving into Europe by the thousands like rats moving into a city slum by the thousands.

It showed thousands of rats and then superimposed the Jews over it. He instituted a boycott of all Jewish businesses. There was a night called “Kristallnacht” which was often referred to as “Night of Broken Glass” (November 9-10, 1938). This is where the German Nazis attacked the Jewish properties and broke the windows of every Jewish business. They burnt down synagogues and businesses in that country and beat up people that were Jews and tried to put them out of business. The anniversary of Kristallnacht was Thursday (November 10), 85 years ago and most of God’s people didn’t even know that.

They also began a study of Jewish anatomy and Hitler had this idea of the racial purity of the Aryan race. At this time if you were in Germany and you wanted to marry somebody you had to prove that you were Jew free with your ancestry paperwork going all the way back to the 1700’s. They began to study Jewish facial features and how they were different from Gentile facial features. The Aryan characteristics of the master race were portrayed in every place showing the Jews as sub-human and the kids in public schools were taught this. Hitler does away with the Boy Scouts and brings in what he calls the Hitler Youth. Later in the medical experiments at Auschwitz concentration camp, Dr Mengele took little Jewish kids and injected dye into their eyes to try and change their eyes from brown and make their eyes blue. Some of the most heinous things that you could ever imagine was done to the Jewish kids.

2.) Phase Two

Phase Two came into being when WWII started (September 1, 1939). This started Hitler’s world conquest to rid the world of the Jews and to take over the world. He wanted more space for his 1,000-year Reich and he wanted to eradicate the sub-human Jews so that they would not be part of his 1,000-year Reich. On September 1, 1939, Hitler invaded Poland and that begins WWII.

I am going to give you something that the WWII historians missed, because they don’t operate out of a KJV 1611 Authorized Version, and I do. Why Poland? I mean he had taken the Sudetenland (northern part of Czechoslovakia), and he annexed Austria which was once theirs. But what really started the war was on September 1, 1939, when Hitler invaded Poland. Why is that? Every writer in history thinks its because Poland was the closest neighbor, but the truth is that Poland had the greatest concentration of Jews in Europe.

Phase two goes into play with the ghettos. When we talk about the ghettos, we think of 23rd and Troost, but that is not what it is. The original term of ghettos as an example would be the Warsaw Ghetto because that is the most famous one in Poland. They rounded up all the Jews in Warsaw and put them in 1.3 square miles and enclosed it with a wall that was over 10 feet high. It had only one entry in and out. They confiscated all the Jews and put them in this ghetto. There were four to five families in a small apartment, and they now had them completely

controlled and locked in so that they couldn't run, they could not escape. If you want to see this in a movie, watch Schindler's List or The Pianist and of course Escape from Sobibor, which was a concentration camp. They had to come and go through one checkpoint and there was no escape.

Now they are told to wear the Star of David (yellow star) on their clothes. This is based out of Acts 7:43 which talks about the star of David today, but there is no star of David, that's a star of Remphan the false god, the five-pointed star. But now they got to wear it. Jews were not allowed to walk on the sidewalk, they must walk in the gutter. Hitler passes a law that if a German soldier kills a Jew for any reason, he is not to be punished.

Now phase one and phase two bring us up to phase three of his plan.

3.) Phase Three

Phase Three we will call the resettlement of the nation of Israel. Hitler already has the Jews in the ghettos all over Europe and as he took control of the other nations like France and the low countries, the ghettos went into place. In phase three the concentration camps and the death camps came into place. There is a movie you need to see that is called "Conspiracy". It is probably one of the best movies that documented what took place on January 20, 1942, at the Wannsee Conference. It was a villa in southwest Berlin.

A.) The Final Solution

Heinrich Himmler called all the SS leaders and all the leaders of Germany to this conference and the meeting was a plan to implement the "Final Solution", the Holocaust. I suggest all of you watch it, but not before you go to bed. It is the most horrendous diabolical plan that they could ever conceive of ridding God's people off the planet. Just like the antichrist is going to do. They discuss what to do with people that are half Jews and people who are Germans that married Jews. They discussed what to do with people who have a quarter Jew blood in them, and even an eighth Jewish blood in them.

B.) Death Camps

From 1942 to 1945 they established six or seven death camps in Poland hidden from the public eye. Places like Sobibor, Auschwitz, Belzec and Treblinka. In that meeting they decided all kinds of ways to eradicate the Jews. Up to that point they had been shooting them in mass numbers. Digging big trenches and lining them up and shooting them. But they could only do about 12,000 a day doing that 24/7. In the meeting they came up with an idea of a mobile van that had a room for 50-60 people in it. They'd put Jews (moms, dads, little babies and kids) in the back of this van and they would drive it around while hooking the exhaust system up so that carbon monoxide would go back into the van and suffocate them.

But that wasn't fast enough so now they came up with the idea of killing death camps that they worked 24/7. They could kill 26,000 people a day and so you have seen in history trains pulling into Auschwitz a death camp. These people had been on that train with no food or water for four or five days as they were transported from Poland or wherever they came from.

They opened those doors and the people piled out and there are the SS guards with their German shepherd dogs. They lined up all the old folks in one line, all the mothers with babies in another line. They walk down and find out who does what job and if they need somebody for a job temporarily to work in the camp they'll go through a medical thing. Dr. Mengele looks at each one and with a little wisp if you go this way you die and if you go that way you live for a little while. They separate the men from the women and told them to write their name on their suitcases so they could be returned to them later. They gave them 3x5 cards to write to their families and tell them they have arrived at Sobibor in eastern Poland and then they marched them off to the gas chambers and killed every one of them. The men and women that survived for a short period of time were worked to death; all to eradicate the Jews.

As the German army moved into the countries into the east which would be Ukraine and the invasion of Russia which was called "Operation Barbarossa" in 1941. The SS followed the army with what was called Einsatzgruppen, killing death squads. Where the Germans took every town in Ukraine and in Russia, the Einsatzgruppen would go in and round up all the Jews and ran them up to a big pit and shot them into the pit. Thousands every day to the tune of about 2-3 million, mass graves with 20,000 people in them.

Let me give you a side note here. In 1941, Haj Amin al-Husseini who was the Grand Mufti of Arabia, met with Adolf Hitler. They discussed how to get rid of the Jews because the Germans and the Muslims both wanted to eradicate the Jews. I don't know what went on in that meeting, but I do know that the SS was his killing machine and later Heinrich Himmler who had such an admiration for the Muslims, that he brought in Muslim soldiers and developed an SS regiment. Eight Croatian regiments out of the Muslims that were put into the SS, called the Handschar Division. They were Muslims who wore the uniform of an SS who took an allegiance to Adolf Hitler for killing communists and Jews. The Grand Mufti of Arabia, Haj Amin al-Husseini was the great grandfather of Saddam Hussein. When Saddam Hussein came into power and started the Ba'ath Party, he did it based on the SS and what Hitler had done. In the 1956 war against Israel, on the bodies of Egyptian soldiers were found copies of Mein Kampf in Egyptian language. This was passed out to the soldiers for the killing of Jews. This sentiment with the Muslims is alive and well today. It's a fact that most people don't know where that started.

VI. 21st Century-Key Times in the Final Days of History of Man

WWII Nazi Germany, Adolf Hitler, the Third Reich was the greatest picture of what was again coming in time in 2023 plus. I am going to tell you right now there is another Holocaust coming. What you see today is nothing more than a 21st century version of what happened in 1933 to 1945. It's the "Jewish Question" again and the "Final Solution".

Now the three phases that Hitler used are the exact same three phases you're seeing today. Learn the lessons of history (Isaiah 46:9-10).

1.) Phase One Today.

The first phase, the rise of antisemitism. Only this time it is not just in Germany, it is worldwide. Almost every country in the world right now is holding mass rallies against the Jews. Russia is officially persecuting them under Putin. America has exploded with antisemitism. College campuses, the city of New York, Chicago, etc. America has exploded with a hatred of Israel. All this was underground until we got to the phase where God began to bring about the final things when Israel is attacked by Hamas. Israel now defends herself and we see the real feelings of the world and especially America. In our own government, 40% of the Democrats are calling for an end of aid to Israel. The FBI says that they are at the highest level that they have ever been.

When all this happened on October 7, 2023, everyone got on the bandwagon. President Biden said we stand with Israel, and they need to wipe out Hamas. A month later he is now pushing them for a ceasefire. You know why? Because anti-Jewish people in this country are more worried about the Palestinians. Who cares that 1400 Jews were slaughtered on October 7th?

Right now, we are for them, but if you know anything about your Bible you know that is going to change. When the political pressure to be re-elected comes in, they will dump the Jew. Already in New York 18,000 people screaming at the top of their lungs “genocide Joe, you got to go”. Accusing Biden of genocide because he is supporting Israel. They are vowing that they got him elected, so you turn on us and we will turn on you.

Here is what I think is going to happen. Biden is done, there’s no way he can reverse this. So the democrats are probably going to dump him before the 2024 election. They’re going to bring in an ultimate liberal, someone that is anti-Israel. The Republicans aren’t going to win because they have so many problems with the Trump deal going on. Putting politics aside, God is finished with our country, and he is going to allow some ultra-liberal in who is going to turn against the Jews.

2.) Phase Two Today

The modern-day ghetto system of trapping those Jews but this time the ghetto will be Israel itself and not a city like Warsaw or Poland. But the nation of Israel will be surrounded (Iron Ring of satanic nations). The ghetto is going to be a national ghetto. During WWII it was easy to identify the Jews because they had been in Europe for centuries and everybody knew who they were. It is totally different today because the Jews are all over the world. They have amalgamated into every country, especially in America.

The 21st century Holocaust will be a little different. About a month ago a national DNA Data Bank was hacked, and people’s DNA was siphoned out of there. But the only DNA that was stolen was Jewish DNA. The second Holocaust is right around the corner.

3.) Phase Three Today.

This will take us into the tribulation. Here again, learn from history. Back in 1935-45 Nazi Germany was one nation who was run by a type of the antichrist who wanted to build a thousand-year fake millennium and wipe the Jews off the planet, literally killing over eight million of them. Today it will be a worldwide campaign of every nation to eradicate the Jews from off the planet.

When they liberated the death camps, General Eisenhower had it filmed. The reason he did that was because he said there will come a time in the future when people will say this didn't happen. That is exactly what you have today! So many people today don't believe the Holocaust ever took place.

Robert Jackson, Chief Prosecutor at the Nuremberg trials for the atrocities in the death camps. He was interviewed some years after when things began to circulate that it didn't happen, and somebody asked him what his feeling was about it. He said, "I can tell you this, I prosecuted every one of these guys. I heard every excuse in the world, yet not one SS guy ever said it didn't happen."

Just over a month ago on October 7th 1,400 Jews were butchered. Just one month later in some of the movements in New York and on college campuses, people are holding up signs that say it didn't happen. It's the same thing, it just didn't take 70 years to get here.

Unfortunately, America will be part of it if you know Daniel chapter 2 and Daniel chapter 7. This time God will intervene, and the second coming of Christ will save the Jew (Revelation 19:11). But know this, the Jew will be killed down to a remnant during the tribulation and what you are seeing right now, today, is the handwriting on the wall of where all this came from and where all this is going.

Today we are seeing 1 John 2:18 tells us that the spirit of antichrist is in America. I've told you before that the job of every Christian was to find out what the prevailing spirit was in the world and then use the word of God and everything in his life to go against that spirit. We are up against the spirit of antichrist who is against the Jews.

The Bible tells us in 1 John 4:1 "*Beloved, believe not every spirit, but try the spirits whether they are of God: because many false prophets are gone out into the world.*" There will be a prevailing spirit across this world against the Jew. The final act of the changing of his last garment (Job 41:13).

Most of God's people do not have the ability to try the spirits today, because they have had their Bible taken from them and they have lost the ability to try the spirits. Higher education promoted your Bible be taken from you, and today it's higher education that is promoting the idea that the Jews are evil, and everybody wants to destroy them. It's the same system you got handed a fake church with a fake Bible and God's people today are clueless.

VII. Summary - Ready or Not, He is Coming!

When we get to the inspirational application next week, we will find God's people are no better than the people that are at those protests. They're in churches today just like the people that are parading down in New York City and neither one of them knows why they're doing what they're doing.

Next week I will show you how we too will be swallowed up in this worldwide conspiracy and what it will take to be found standing when he comes. We like to talk about the remnant of Israel, but I'm going to show you next week that there is going to be a remnant of the church.

Whether you know what's going on or whether you don't care. **Ready or not, he is coming!**

In church history, we are the only people (the Laodicean church in America) who have never paid a price for what we believe. A lot of God's people are scared that will happen. Personally, I'm scared that it won't happen. Do you really want to go to the Judgment seat of Christ and stand next to a Waldensian or a Albigenses, or a Huguenot that paid the price for what we have with their family's blood or their own? Do you want to stand next to them with all that we have and all that we think we are? **Ready or not he is coming!**

There is no reason for God's people to be scared. We are living in the greatest time in the history of the world. We have a front row seat to the end of the world. We get to watch God do what he said through 4,000 years of his Bible with us being a part of what is unfolding all around us.

Yet because God's people are out of the loop, confused and scared, the day will overtake us. It is not the time for any child of God to be asleep at the switch or get lethargic. It is not the time to get an attitude or get your nose bent and out of joint over something when God is doing something major around this world and we're part of it. **Ready or not he is coming!**
